

MISSOURI ETHICS COMMISSION

1996 REPORT

This report is published pursuant to Section 130.056.1.(8) RSMo., which requires the publication of a compilation of amounts contributed and expended for the influencing of nominations and elections, and Section 105.955, RSMo, which requires the publication of a summary of the written opinions issued by the Missouri Ethics Commission. Accordingly, this report contains a compilation of the campaign finance reports filed with the Commission, and the written opinions issued by the Commission during the calendar year 1996. The individual campaign finance reports containing the specific data from which the information in this report was compiled are available for public review during regular business hours at the offices of the Missouri Ethics Commission. Additional information regarding campaign finance reporting requirements and written opinions of the Commission may also be obtained by contacting the Commission office.

A. Introduction

Because this document is a compilation of the amounts contributed and expended to influence nominations and elections pursuant to Chapter 130, RSMo, it can only include information that has been reported to the Missouri Ethics Commission by the committees and persons that are required by state statute to file such reports. It therefore does not contain information concerning federal elections or local elections held in Missouri in 1996 for which there was no state reporting requirement.

Section 130.026 RSMo, defines under what circumstances the Missouri Ethics Commission functions as the

appropriate election authority or officer for candidates, committees, and ballot measures, and therefore establishes who is to file campaign finance reports with the Commission. The Missouri Ethics Commission is the appropriate filing officer for: 1) candidates for statewide office; 2) statewide ballot measures; and 3) certain local elections as provided by the statute. Therefore, campaign finance reports for these three types of events are to be filed with the Commission.

The Missouri Ethics Commission is not the appropriate election authority or officer for the receipt of campaign reports for the following elections: 1) city and county elected offices in cities and counties of less than 100,000 population; 2) school districts and other special districts' elected offices; and 3) ballot measure elections which are conducted on less than a statewide basis. Information concerning these elections and ballot measures are therefore not reported to the Commission and could not be included in this compilation. Information concerning those elections or committees that do not report to the Missouri Ethics Commission can be obtained through the local county clerk's office or local election authority.

U.S. Congressional and Presidential candidates file their reports with the Federal Elections Commission rather than the Missouri Ethics Commission. This document therefore does not contain information on federal candidates. However, copies of those reports are on file in the Commission's office.

The information contained in this document is based solely on the data supplied by candidates and committees in campaign finance disclosure reports filed with the Missouri Ethics Commission. Those disclosure reports are routinely audited, within the scope of authority granted to the Commission by statute. However, in this compilation, minor variations in the compiled numbers may occur due to mathematical rounding of the numbers.

B. Definitions

On the following pages the terms "receipts", "expenditures", and "contributions" are used. Provided below are definitions of each of these terms.

1. Receipts: The total of all contributions received and other receipts reported in support of or in opposition to a candidate or ballot measure for the election.
2. Expenditures: The total expenditures in support of the candidate(s) reported in support of or in opposition to a candidate or ballot measure for the election.
3. Contributions: The contributions made in support of or in opposition to other candidates, political parties, ballot issues, committees, or organizations reported for the election.

1996 Election Year

The year 1996 was a major election year. Elections were held for the offices of Governor, Lieutenant Governor, Secretary of State, Treasurer, and Attorney General as well as all of the House of Representative seats. Half of the State Senate seats as well certain Circuit Judge districts also held elections. Other positions up for election included Associate Circuit Judge, County Clerk, and numerous county positions. On the following pages the elections are listed by office sought. Each candidate who ran in a primary election owed the following reports: April Quarterly, a 40 day before the primary, a 7 day before the primary, and a 30 day after the primary campaign financial disclosure report. In general, each candidate who ran in the general election owed the following reports: 40 day before the general, a 7 day before the general and 30 day after general campaign finance disclosure report.

The figures listed on the following pages were obtained exclusively from reports, including amendments to reports, filed with the Missouri Ethics Commission. Such reports represent the only valid source of receipts, expenditures, and

contribution information for Commission purposes. Specifically, the figures were obtained from information contained on the CD Summary page of each report, which is a summary of all activity conducted by a committee during a given time period. The receipts were obtained from Line 7 of each CD Summary page. The expenditures were obtained from Line 14 of each CD Summary page. The contributions were obtained from Line 19 of each CD Summary page. Therefore the following figures can reflect only the information contained in reports filed with the Commission at the time this compilation was made. Reporting information concerning candidates who were disqualified or withdrew is not listed in this compilation.

Campaign Finance Summary

Opinion Number **Opinion Summary**

96.01.102—1	Given holdings in Shrink v. Maupin & Carver v. Nixon, Board of Election Commissioners does not have duty to inform MEC of possible violations of campaign contribution or expenditure limits; candidate for office in political subdivision with annual operating budget of 1 million or less is not required to file PFD.
96.01.108—2	Campaign finance reports may be amended to include the amount of debt reduced between the November 8, 1994 elections and the establishment of a debt committee.
96.01.109—3	Debt committee established under 130.037 shall be used to report debt which is the difference between the cash on hand, as reported on 11/8/84, and the outstanding obligations reported on that date.
96.01.110—4	Contribution does not count against contribution limit, if contribution is made without prior knowledge of the candidate; "independent expenditure" will be determined on a case-by-case basis; term "independent expenditure" is construed as in normal communication.
96.01.111—5	Independent expenditure may exist where corporation expended funds to conduct opinion poll and shared results with all candidates; in-kind contribution would exist if poll results extended to only one candidate.
96.01.112—6	House Republican Campaign Committee cannot declare itself to be political party committee; it is not permissible to have more than one political party committee for entire state; political party committees established in Section 115.603 RSMo.
	Candidate shall not accept contribution in excess of \$25 if employment

- 96.01.113—7 information is not disclosed; contribution limits contained in Section 130.032 RSMo apply.
- 96.03.118—8 Candidates are not required to segregate campaign funds received prior to January 1, 1995 from funds received after January 1, 1995.
- 96.03.119—9 Total maximum amount of monetary and in-kind contributions which can be received by campaign fund of prosecuting attorney of Jackson county is \$1,025; contributions for primary and general elections cannot be received in one check; remaining funds shall not be limited to a specific election; specific records should be kept concerning earmarked contributions.
- 96.03.123—10 School district may not use their postage permit to promote passage of bond issue; School Public Building Corp. may serve as campaign committee provided the applicable campaign finance laws are followed.
- 96.03.124—11 No limit on contributions made to campaign committee.
- 96.06.128—12 Independent candidate has only one election; therefore, contribution amount is limited to Section 130.032 RSMo, limits for one election.
- 96.06.129—13 Money raised after general election applies to limits of next election; money raised during general election may be used to pay off previously incurred debt.
- 96.06.130—14 Corporation does have reporting requirement under Section 130.051.1 RSMo, where corporation funds are spent to gather signatures for ballot measure.
- 96.06.131—15 Continuing Committee cannot give maximum amount allowed for both primary and general elections at one time; effective dates for accepting contributions for elections are: primary 1/1/95 through 8/6/96; general 8/7/96 through 11/5/96; contributions collected after general will be counted toward next election limitations.
- 96.06.135—16 Expenditure made by state democratic committee in support of specific candidate is not contribution if made without the direction, control, influence, cooperation or consent of candidate.
- 96.07.138—17 Candidate's address on return "sign-up" card may be included in independent mailing by association provided candidate did not direct, control, or cooperate with the mailing.
- 96.07.139—18 Kansas committee would not need its own Missouri depository if it received less than 20% of its contributions from persons domiciled in Missouri. Otherwise, Missouri resident would have to be appointed as treasurer and open depository; when using a combination of funds, receiving committee must report as contribution and donating committee must report as expenditure; separate committee disclaimers must be used when material is paid for by both committees.
- 96.10.145—19 Leadership positions, including Speaker Pro-Tem of MO House, are not "state offices" as that term is defined in section 130.011(26) and therefore subject to same contribution limits in section 130.032.

Conflict of Interest Summary

Opinion Number Opinion Summary

No conflict exists for state legislator who is also employed by bonding

- 96.01.104—1 company which sells bonds from various MO political subdivisions, provided the applicable conflict of interest statutes are followed.
- 96.01.105—2 Employee of University can file for state representative. However, individual cannot be employed by University and also be state legislator; fees and honoraria can be accepted by candidate.
- 96.01.106—3 Conflict would exist for secretary to prosecuting attorney to also hold position as public administrator.
- 96.01.107—4 Conflict would exist for executive director of service providing agency to also hold elected county commissioner position.
- 96.01.114—5 No conflict exists for city council member to also be volunteer policeman; volunteer training may be paid for by city.
- 96.03.120—6 No conflict exists for county planning & zoning administrator to also hold position on county health department board of trustees.
- 96.03.121—7 Conflict of interest would not exist for individual to hold position on aldermanic board while spouse is employee of city's economic development office provided he is aware of conflict of interest statutes and nepotism clause of constitution.
- 96.03.122—8 It is a violation of nepotism clause of constitution for individual to remain employee of county treasurer's office if brother-in-law elected to position as county treasurer. (**THIS OPINION HAS BEEN WITHDRAWN**)
- WITHDRAWN**
- 96.04.125—9 No conflict exists for county commissioner or MO Highway Dept. employee to also serve on nursing home board; provided the conflict of interest statutes are followed.
- 96.04.126—10 It is a violation of Section 115.646 for an individual to display campaign sign on vehicle when mileage is reimbursed by county or state.
- 96.06.132—11 No conflict exists for individual to serve on 2 other committees while also serving as a member of an advisory council.
- 96.06.133—12 Conflict of interest would not exist for individual, who works for community action agency, to also serve on executive committee of campaign committee.
- 96.06.134—13 Legislator can also serve on community task force which received state funding provided preferential treatment is not given to task force.
- 96.07.137—14 Purchase of vehicle by elected official under terms of state contract would violate the provisions of CH. 105, RSMo; member of county commission may not contract with vendor to purchase vehicle.
- 96.07.140—15 No conflict exists under CH. 105, RSMo for mayor to also sit on special services board; however, assessment should be made whether or not dual service would violate any common law conflicts of interest.
- 96.07.141—16 Conflict would exist for mayor to also hold position as county commissioner.
- 96.08.142—17 Individual's firm may be awarded bid if bid was lowest and if open and competitive bidding was utilized.
- 96.08.143—18 Individual may accept position of city attorney even though father is mayor provided mayor does not participate in the nomination, discussion, promotion or voting on position.
- Since equipment purchase is through competitive bid process, no conflict exists

- 96.08.144—19 for Commission to purchase equipment from company for which general counsel's uncle works as agent
- 96.10.146—20 Distribution of pamphlets in support of ballot issue by volunteer firefighters in uniform would not violate Section 115.646.

Personal Financial Summary

<u>Opinion Number</u>	<u>Opinion Summary</u>
96.01.100—1	Personal financial disclosure statement is not required of candidate, if current officeholder is not required to file personal financial disclosure statement.
96.01.101—2	Individual is not required to file personal financial disclosure statement because she is not designated as a "decision-making public servant" nor is her position as chief counsel specifically listed in statutes.
96.01.102—3	Candidate for office in political subdivision with annual operating budget of 1 million or less is not required to file personal financial disclosure statement.
96.03.115—4	Section 105.485.4 RSMo requires only the employee of a political subdivision to file a financial disclosure statement, not the relative of that employee, even though relative had transactions with the political subdivision in excess of \$500.
96.03.116—5	Expenses provided by third party to state official must be reported on personal financial disclosure statement.
96.03.117—6	Soil & water conservation boards, small watershed boards of trustees, or candidates for these boards are not subject to Section 105.483 RSMo.
96.06.127—7	Even though state paid for lodging & travel expenses, meals offered at seminar should be included on personal financial disclosure statement; training value need not be reported so long as it is offered by the state and is designed to instruct and inform; however, if the seminar places the vendor in an advantageous position, it is reportable; past employer could continue to provide training provided employee was only finishing training previously begun.
96.07.136—8	Metropolitan culture district compact advisory committee is an advisory committee, not a policy-making organization, and therefore not subject to the filing requirements of Section 105.483 RSMo.

¹ N/A is used to reflect the fact that under Missouri law, receipts and contributions are not required to be reported if an exemption statement has been properly filed with the Commission.

² Under Missouri law, a candidate can file an exemption statement affirming that he or she will spend less than \$1,000 per election. If an exemption statement is filed, a candidate is not required to report those expenditures under \$1,000.

The individual reports containing the information from which this compilation was made are available for review in the offices of the Missouri Ethics Commission.

Receipts, expenditures, and contributions by political party are as follows:
